GARAGE DOOR TRANSOM	108" x 14"	TR9012G
*Add 1/4" to rough opening dimensions when extension jambs are added.		

- All windows and doors are new construction (with flange and J-channel), Low-E glass with grilles between the glass (GBG),
- Transom windows are insulated glass (IG) only, no Low-E coating.
- Doublehung windows include Window Opening Control Devices (WOCD)
- Extension jambs and J-channel filler can be added for additional charge and added lead time
- Triple mulled double hung windows and other configurations are available
- Screens are not included with the window units. Screens are priced separately and must be added to the order if desired (*use the unit part number with S at the end replacing EG*)
